Abstrak <i>Abstract</i>	<p>In this study we have created an innovation product. Our group chose to create a product that was not already in the market. Our product named “Altilis Bite”. We want reviewing the level of acceptance “Altilis Bite” among students Department of Tourism and Hospitality in Polytechnic Merlimau Malacca based on the research, we can conclude that the response from the respondents</p>																

	<p>was quite high of 15 respondents in Department of Tourism and Hospitality. It is all based the data was analyzed by using SPSS. Besides being able to diversity the flavor, texture, colour and taste. This this product helps in promoting healthy food to have high energy content and the low fat nutrition facts based on decisions that we made a study by the Melaka Biotechnology Corporation. After seeing the real objectives we have proven that the students of Department Tourism and Hospitality like product. Nutrition and privileges of our successful product that been clearly conveyed during our question and answer session with the respondents. We hoped that this product will get noticed in the market when it is marketed in the future.</p>
<p>Keyword Keyword (max 5 word)</p>	<p>One Bite , One More</p>
<p>Objektif Projek Project Objectives</p>	<ul style="list-style-type: none"> ▪ To create new variations of nugget product from breadfruit. ▪ To examine the nutrients value in “Altilis Bites”. ▪ To determine the acceptance of “Altilis Bite” among JPH students.
<p>Skop Projek Project scope</p>	<p>This nugget is made from breadfruit it is to introduce to the public about the benefits and benefits found in this fruit, as most people are unaware of the existence of this breadfruit.</p>
<p>IP No</p>	
<p>Dapatan Finding (500 words max)</p>	<p>In conclusion, according to the study and selected respondents, the Altilis Bite product can be accepted by the Department of Tourism and Hospitality. Then, the researchers found that the product was safe for use after getting nutrition fact results from Melaka Biotech Holding Sdn Bhd and providing the convenience of consumers. Altilis Bite is a new product innovation whose main ingredient is breadfruit and other ingredients such as onion, garlic, chicken, parsley, green onions, oregano and garlic. For products, most nuggets are marketed in season and researchers are working to transform innovated food products to market to market. After getting all the details of the survey, the results of this study are also an excellent level of acceptance in terms of acceptance of innovation and awareness to students to process the material.</p>
<p>Cadangan untuk kerja-kerja akan datang Suggestion for future work (500words)</p>	<p>Our proposal is to introduce breadfruit to the public and tell them about the nutrients contained therein. Additionally, we would like to introduce the latest nugget product and this product will grow across the market and generate high revenue. Altilis Bite also facilitates families in managing daily meals, it is easy to prepare and suitable for all ages. so we hope to diversify this nugget. Available there we provide nugget breadfruit chicken and meat. next time we will add new flavors like mushroom chicken, cheese chicken and vegetable bread nugget.</p>
