Abstrak <i>Abstract</i>	<p><b>Durio zibethinus</b> is the most common tree species in the genus Durio that are known as durian . The Durian seeds is an exotic and contresial fruit in many parts of southeast Asia, and is widely celebrated for its long list of health benefits, which include the ability to boost immune system, prevent cancer and inhibit free radical activity, improve digestion. The purpose of this research is to get the benefit of durian seeds in terms of health and others so afterwards the researchers can reduce</p>																

	<p>the durian seed dumping as it can be used as an eco-friendly innovation product. The objective are to study level acceptance of durian chips among Bandar Hilir, Melaka and to identify the nutrition contain in the product of durian seeds chips. In this research researcher choosed Bandar Hilir, Melaka by using simple random sample method with 50 respondant. Researcher used questionnaire with hedonic scale of 5 which are strongly disagree, disagree, neural, agree and strongly agree. Researcher also analyse data by using Statistical Package for the Social Sciences by Mohammad Najib Konting (1990) version 19. The findings showed average total mean score 3.86 with the interpretation high and the level is good. The nutritional content from durian seeds chips is Moisture 1.5, Crude Ash 3.5, Total Fat Content 10.3, Crude Protein Content 7.14, Total Carbohydrate 77.6 and lastly Energy Content 432. This product is safe it has been tested for nutritional content and health. Therefore , durian seeds chips can be accepted with the nutritional content and among Bandar Hilir , Melaka. The Durian seeds chips business can be further commercialized as it is widely accepted by people because of it tasty and at the same time can reduce the dumpling of durian seeds in Malaysia and lastly it will help to form a healthy and green clean state.</p>
Keyword <i>Keyword</i> (max 5 word)	Cheesy Spicy Durian Seeds Chips
Objektif Projek <i>Project Objectives</i>	<ul style="list-style-type: none"> <li>❖ To study level acceptance of Durian Chips among Bandar Hilir, Melaka and Merlimau</li> <li>❖ To identify the nutrition contain in the product of durian seed chips</li> </ul>
Skop Projek <i>Project scope</i>	Hotel, Resort, Tourist, Student
