Abstrak Melaka Museum Application is an application for booking tickets for 20 set	elected
<i>Abstract</i> museums in Melaka. Without this application, tourists have to queue to bu	
entrance ticket and buy manually the ticket. Then, the process of buying tic	-
will become decelerate. The existence of this application ease the process of	
buying tickets for the tourist to visit museum. In this research, the research	
been choose the quantitative method as research design which is questionn	
instrument to collect data from respondents. This questionnaires had been	un ub
distributed to 20 respondents which is 10 local tourist and 10 international	1
tourists who come to visit Melaka. The data was analysed by using Statisti	
Package for the Social Sciences (SPSS). The result of data analysis showed	

	the respondents gave a good response toward this application. To make this application more interesting, there is some future suggestion to improve this application which is approach the selected museum and notify them with the presence of this booking application, making collaboration, improve the design of the application and keeping the information up-to-date.
Keyword <i>Keyword</i> (max 5 word)	MELAKA MUSEUM APPPLICATION
